DISPATCH FROM PORT ARTHUR

CONFIRMS REPORT OF JAPANESE LOSS.

Russians Recapture All Positions Lately Taken by Japanese—Particulars Not Given—War Reports.

London, July 15.—A dispatch to a news agency from St. Petersburg says the war office announces receipt of a dispatch from Port Arthur confirming the report that the Japanese sustained considerable losses July 11, exact particulars of which have not yet been ascertained. According to the dispatch Russians recaptured all positions lately taken by the Japanese.

St. Petersburg, July 15.—A Russian correspondent of the Associated Press in the field repeats the story of the Japanese disaster at Port Arthur July 10, but does not add any details except the statement that after the repulse the Japanese fled in great disorder, pursued by the Russians.

Two divisions of Japanese reinforcements are landing at Daini, the correspondent says, and he adds wounded Japanese prisoners captured on Black Mountain who subsequently died were buried with military honors.

LOSSES AT PORT ARTHUR.
Ta Tehe Kiao, July 14.—(Delayed.) The latest reports regarding the storming of Port Arthur July 10 place the Japanese losses in killed or wounded at 25,000 and of Russian 5,500. The Japanese retired and Russians occupied the positions. Japanese have now changed their frontal position and a big battle is expected at the eastern portion of the defenses, owing to the Japanese turning movement.

LACK OF NEWS.
St. Petersburg, July 15, 2:25 a. m.—Lack of further official news regarding the engagement at Port Arthur July 10 is puzzling. That the Japanese were heavily defeated is not doubted here, but in the absence of further information the extent of the disaster is beginning to be seriously questioned. Definite news has been received from Alexieff's headquarters at Mukden that the week before the engagement at Port Arthur Major General Fock administered a severe defeat on the Japanese July 4 and 5, driving them from the heights commanding Lunsantan pass with a loss of 2,000. This is considered here as proof there has been heavy fighting before Port Arthur and as making the silence of Tokio regarding it all the more significant.

A special dispatch from Ta Tehe Kiao dated July 14, repeats the account of the storming of Port Arthur July 10 and says the Russians assumed the offensive and attacked with bayonets. The Japanese retired in wildest disorder. The Chinese estimate the Japanese losses at 22,000. The spirit of the Japanese, the dispatch says, is sinking as a result of the Port Arthur defeat. A heavy movement of Japanese is reported east of Hal Cheng.

The Russians reconnoitered almost to Kal Chou before meeting the Japanese. They drew the shrapnel fire of the Japanese, but having located them the Russians retired without loss.

NAVAL BATTLE.
London, July 15.—The Shanghai correspondent of the Post, cabling July 15, says: "A naval engagement took place to day off Port Arthur."

DISPATCH BOAT SEIZED.
London, July 15.—The Post's Shanghai correspondent, cabling July 15, says the Chicago Daily News dispatch boat Tawan has been seized by the Russians and towed into Port Arthur.

NOT CONFIRMED.
Fekin, July 15.—The report the emperor of China is seriously ill with dysentery is not confirmed.

DISCREDITED AT TOKIO.
London, July 15.—The Tokyo correspondent of the Times in a dispatch filed at 9:5 p. m. July 15 says the St. Petersburg story of the Japanese repulse with heavy casualties at Port Arthur July 10 "is wholly discredited in Tokio, where no such reports have been received. It is believed the story originated in Shanghai."

WAR REPORTS.
St. Petersburg, July 15.—It is possible the fourth ship of the Vladivostok squadron now off the Japanese coast is the cruiser Bogaty, the vessel's repairs were known some time ago to have been nearly completed.

The army organ believes it is scarcely possible General Oku will advance until the Takushan column reaches Tankei.

Mukden, July 14.—(Delayed.)—In fighting at the night flank of the line of defenses at Port Arthur July 3 to 5 Russians drove back Japanese and occupied the east bank of Lunsantan and heights commanding Lunsantan pass. The Japanese losses were about 70,000. Russian losses were insignificant.

Paris, July 15.—The St. Petersburg correspondent of Petit Parisien telegraphs an American submarine boat of the "Hatch model of Fulton type" arrived recently at Cronstadt. It adds an American crew is about to reach Cronstadt to instruct the Russian crew. Three other American submarines ordered through an intermediary will reach Cronstadt shortly.

Ta Tehe Kiao, July 15.—Japs have withdrawn from the west side of the railroad

and are massing armies on the Russian rear.

Liao Yang, July 15.—Fighting is imminent at Ta Tehe Kiao and Hancheng. Japanese are entrenched six miles from Ta Tehe Kiao. Much skirmishing is taking place. It is rumored a Japanese column has appeared on the Mukden road. Troops are constantly arriving here.

St. Petersburg, July 15.—General Rennenkampf was wounded, not seriously, in a skirmish near Salmateza. No news from Port Arthur.

Liao Yang, July 15.—General Samanoff seriously checked the Japanese advance in the direction of Yin Kow July 11. His Cossacks ambushed the Japanese column and put 1,000 out of action. The Japanese attempted an advance to Yin Kow along the coast, but they were hindered by the marshy country, which also increased their difficulties in carrying off their dead and wounded during the retreat. The Russians lost six killed, seven wounded.

Trenton, N. J., July 15.—Judge Bradford today granted a preliminary injunction in the suit brought by Edward Harriman, Winslow S. Pierce and others to restrain the proposed pro rata distribution of assets of the Northern Securities company. This is a defeat for the Hill interests.

The judge said a preliminary injunction should only be refused where it was absolutely positive the complainants could not win the case when it came to final hearing.

REQUEST GRANTED

Remains of Kruger Will Be Taken to the Transvaal.

London, July 15.—At a meeting of the privy council to day at Buckingham palace, at which King Edward presided, the request of relatives of the late President Kruger for interment of the remains in the Transvaal was considered and permission granted.

Johannesburg, Transvaal, July 15.—Announcement of Kruger's death was received here with general regret and sympathy. Flags at half-mast.

WON BY CHARLES PLANK.

Denver, July 15.—The Grand Western handicap was won to day by Charles Plank, of Denver. Plank, George Maxwell, the one-armed marksman, and Henry Anderson, of Salina, Kan., tied with a score of 9 out of a possible 100. In the first shoot-off at 20 targets each broke 19. Then Plank and Anderson broke 20 straight, Maxwell 17. The third shoot-off resulted Plank 19, Anderson 18. Henry Anderson won the Boyd Park cup, an event of 50 targets, he having scored 49. Plank and McGee with scores of 49 out of 50 won shotguns.

GORMAN HEARD FROM.

Baltimore, July 15.—Senator Gorman, who has refused to see interviewers or newspaper men since the opening of the St. Louis convention, sent to day a letter to the members of the Maryland delegation at St. Louis, thanking them for their work in the convention, and saying: "The final action of Judge Parker in sending his telegram giving his views as to the monetary question and the response of the convention to this telegram have placed the Democratic party in a position where, with the ticket nominated and platform adopted, in which they should be successful in the coming election."

FILE COMPLAINT.

Washington, July 15.—The National Wholesale Liquor Dealers' Association of America to day filed complaint with the interstate commerce commission against thirty-one railroads, alleging discrimination in freight rates on whiskey shipped from the Missouri river and eastern points to the Pacific coast.

WITH NONUNION HELP.

Appleton, Wis., July 15.—One by one the paper mills are starting up in this city with nonunion help. Combined locks mill announces it will be opened next week and at last will run its third machine also.

COLLISION OF YACHTS.

Dover, England, July 15.—The American schooner yacht Ingomar and schooner yacht Navahoe of Germany were in collision this morning shortly after starting the race for yachts over a hundred tons. Both suffered considerably and the race was abandoned.

HAS ACCEPTED.

Des Moines, July 15.—Rev. Willis Parsons, of Danville, Ill., to day notified the trustees of Parsons college, Fairfield, Iowa, of his acceptance of the presidency. Parsons is a grandson of the founder of the college. He succeeds Dr. Hinitt, resigned.

TRAVELING MAN SUICIDES.

Grand Rapids, Mich., July 15.—The decomposed body of John W. Brown, a traveling salesman of Milwaukee, was found to day in a dilapidated shack near Beeds lake. A revolver in the right hand and a bullet hole in the right temple told a story of suicide.

FUNERAL OF MAYOR JONES.

Toledo, July 15.—The funeral of Samuel M. Jones, former mayor, this afternoon was the largest ever held here. The body was viewed by 100,000 people. Business was suspended.

NEITHER SIDE WILL GIVE IN

NEGOTIATIONS FOR PEACE AT STANDSTILL

Packers and Strikers Anxious for Peaceful Settlement But Each Side Wants to Dictate Basis for Arbitration.

Chicago, July 15.—Negotiations for peace in the stock yards strike are practically at a standstill to night and the strike will continue until one side or the other changes its demands.

Both sides are anxious for a peaceable settlement, but the stumbling block to final adjustment is that neither side is prepared to allow the other to dictate the basis of arbitration.

This afternoon packers considered President Donnelly's reply to their proposition of last night, but it proved unsatisfactory and union officials were notified it would be impossible to reach an agreement along the lines suggested by Donnelly.

The packers declare themselves willing to arbitrate, but stipulated arbitration should include the entire scope of the strike and not be subject to restrictions or limitations of any kind. With the reply of the packers was sent a note to Donnelly notifying him they would be ready for his answer to morrow and that if he desired another conference with them they would be pleased to meet him in another effort to reach a basis of arbitration. Donnelly's reply will be sent the packers to morrow morning.

BECOMING RESTLESS.

Allied trades unions at the stock yards, nearly 14,000, are becoming restless and unless a settlement is reached in the near future they may decide to stop work in sympathy with the men already out. These men will meet to morrow night to decide upon a line of action.

Work in plants in this city continued to day on a larger scale than any time since the strike began. Many men have been employed, among whom, it is said, are many skilled workmen, and packers declare they are doing better than they expected.

Around the stock yards district to day the expressed opinion was that the strike would last well into next week. Commission men and traders who are generally in touch with the situation telegraphed shippers throughout the country advising them to hold their livestock until further and warning them especially to refrain from sending the usual heavy shipments Monday morning.

Strike pickets along Halsted street in the neighborhood of the stock yards caused a disturbance, but were dispersed by the police. Scarcity of fresh pork is the chief feature of the meat situation.

St. Paul, July 15.—Several hundred strikers to day refused to let the office force and other employees into Swift's plant at South St. Paul. The sheriff was appealed to and took twenty-five men to the plant and they were admitted, but the mayor and party were refused admittance.

The struggle between the nine hundred strikers and Swift's branch at South St. Paul in an effort of the company to man their plant at that point will reach a climax to morrow morning, when a force of one hundred regular police and deputy officers will attempt to break through the picket lines surrounding the yards. So daring have the strikers become that they refused to allow any persons to pass the lines to day except on presentation of a pass signed and sealed by the president and secretary of the local union.

St. Louis, July 15.—As nonunion men were clearing the Cudahy plant after work to day they were set upon by a gang of union men. Street car windows were smashed, but no one seriously injured. Cots have been provided at the plant for nonunion men and in event of trouble to morrow they will sleep at the plant.

OFFER HIGH WAGES.

Jacksonville, Wis., July 15.—Agents for packers are offering \$5 a day and board to local butchers to help break the strike.

CONTINUES TO ADVANCE.

Nw York, July 15.—The price of beef continued to advance to day. Provisions also were affected.

St. Louis, July 15.—Prices of fresh meat continued to advance to day. Packers are operating on a small scale on the east side.

CANDIDATE DAVIS.

Elkins, W. Va., July 15.—Democratic Vice Presidential Candidate Davis expects to leave to morrow morning for New York to join in a conference of Democratic leaders. Davis does not expect to make any formal speeches during the campaign except that he will follow the McKinley policy and receive delegations. If he cannot avoid it he will make a few speeches, but in no circumstances more than six.

TWO MORE VICTIMS.

Chicago, July 15.—Two of the injured in the wreck of the picnic train at Glenwood Wednesday night died this evening. They were Adolph Irsh, 17, and Charles Smith, 11. Physicians of Englewood hospital to night said they had practically abandoned hopes of the recovery of six others injured in the wreck.

JUDGE PARKER'S MAIL

Heaviest in History of Rosemont—Takes Swim in River Every Morning.

Esopus, N. Y., July 15.—The heaviest mail in the history of Rosemont came for Judge Parker to day. An enormous number of letters went out. Judge Parker allows nothing unimportant to interfere with his morning swim in the Hudson. Passengers try to see the candidate diving, but he always retires to the boat house until the steamer is gone.

Judge Parker received a letter from General Miles saying in substance the selection of Parker was fortunate "at a time when a military crisis is pending and when democratic institutions are in peril."

Among the telegrams received to day by Judge Parker was one from Congressman W. C. Clegg, of Iowa. He said: "As the lone Democratic congressman from Iowa, I congratulate the people of the nation that you have been nominated. I am especially gratified in view of the fact that you have been nominated by the people of Iowa, and I am especially gratified in view of the fact that you have been nominated by the people of Iowa, and I am especially gratified in view of the fact that you have been nominated by the people of Iowa."

Sheehan had an hour's conference with Judge Parker to day, but declined to discuss the conversation.

On the question of national chairman Parker has given much thought. At present four men are mentioned, Sheehan, Belmont, Gorham and Taggart. Sheehan makes no secret of the fact that he does not want to be chairman, and it is believed Parker will yield to his wishes. The national committee will probably meet before Aug. 1.

FIRE AT DULUTH

Docks and Warehouses Destroyed—Loss Nearly Half Million Dollars.

Duluth, Minn., July 15.—Four hundred thousand dollars worth of property was destroyed this afternoon at the Omaha docks and warehouses and one man, a cook named George Smith, on the tug Abbott, drowned in an attempt to escape from the craft as the flames swept over it with cyclonic rapidity from the docks. It was the most disastrous fire witnessed in Duluth in years.

The entire Omaha shed with all of its contents, the dock and nearly a score of loaded freight cars are a complete loss, in addition, to two tugs of the Great Lakes Towing company, which were burned to the water's edge, and another badly damaged. The freight shed was 1,300 feet in length and eighty feet in width and was filled with merchandise of all kinds. There were over a hundred car loads of sugar alone in the building.

Ironwood, Mich., July 15.—The village of Kimball, including the Kimball & Clark mill, a large stock of lumber and nearly every building in the village, burned to day. Loss, \$75,000.

SENTENCED TO PRISON.

Camden, N. J., July 15.—The three negroes who confessed to assaulting and robbing Mrs. Biddle were to day sentenced to forty-nine years each in state prison. The trial lasted less than half an hour and the prisoners were immediately sent to Trenton prison. When the men, handcuffed to detectives, stepped from the train there were at least 1,000 persons congregated about the station. A company of the national guard quickly opened a passageway not within five minutes the criminals were in the court house, where the trial took place, they pleading guilty and receiving sentence. Surrounded by soldiers the prisoners were escorted to a special train and rushed to Trenton.

Judge Gaskell, explaining the swift methods employed in sending the negroes to prison, said the authorities had information of a plot to blow open the jail and lynch the prisoners.

NATIONAL CONFECTIONERS.

Detroit, July 15.—The national conference to day elected officers, including A. W. Paris, Minneapolis, president, and F. D. Zeward, St. Louis, secretary. A committee was appointed to urge senators to vote for the passage of the Hepburn pure food bill, which has passed the house of representatives and is expected to be brought up in the senate Dec. 3.

ADDRESSED BANKERS.

Plattsburg, N. Y., July 15.—John L. Hamilton, of Hoopston, Ill., chairman of the executive council of the American Bankers' association, to day addressed the state bankers' association on "The Practical Work of Banking Associations."

FOUR DROWNED.

Pittsburg, Kan., July 15.—Four persons, all of this city, were drowned to night in Spring river by the upsetting of a boat. The dead are: H. A. Stamm and wife, Miss Katie Stamm, Louise Meyers.

TRAIN HELD UP.

Houston, Tex., July 15.—An International & Great Northern passenger train was held up near Oakwoods to night. It was said the express car was dynamited and the train was badly damaged. Details were not received.

IRREGULAR APPEARANCE

GIVEN BUSINESS BY DIVERSE MOVEMENTS.

Midsummer Trade Conditions Dominate Distributive Markets—Confidence Grows with Better Crop Prospects.

New York, July 15.—Bradstreet's review of trade says: Diverse movements in trade, industry and speculation give irregular appearances to the general business situation. Distributive trade and industry is still quiet and even dull, awaiting clearer views of the crop outlook. Disorganization in the meat slaughtering industry has followed the strike which, if not settled, as now seems likely, will continue to hamper the trade. The increase over the best previous years, but net results are less clearly defined with the question whether an increase or decrease will be shown still in doubt. General undertone is one of confidence, good results being looked for by the business world from an expected large column of fall trade. Midsummer trade conditions have dominated distributive markets. Collections the country over are classed as little better than slow.

Wheat, including flour, exports for the week were 1,412,000 bushels, against 3,633,000 this week last year; July 1 to date, 2,811,000, against 6,033,000 last year. Corn exports for the week were 575,000 bushels, against 1,402,000 a year ago; July 1 to date, 1,188,000, against 2,927,000 in 1903.

DUN'S REPORT.

New York, July 15.—Dun's trade review says: Trade conditions were gradually becoming more normal after conclusion of the political conventions when a new disturbing factor appeared in the strike of packing house employees and allied trades. This enhanced prices of meats and added many thousands to the already large army of unemployed, weakening purchasing power of the people still further. Aside from this unfavorable development news of the week combined much encouragement. Crop prospects improved and general level of price for farm products promises large return to agriculturists, which means better business for all industries. Confidence grows with crops, retailers showing more disposition to prepare for the future as the season advances with no serious setback to farms. Reports of increased plans for erection of buildings not accompanied by any noteworthy expansion in demand for structural materials as yet. Railway earnings for the first week of July were only 5 per cent lower than last year and foreign trade at this port showed imports of \$590,286 in exports and \$1,906,724 imports, compared with corresponding week last year. Failures this week were 226 in the United States, against 213 last year.

STORY OF MURDER

One of the Slayers of John Van Gorder and Half Sister Tells of the Crime.

Belmont, N. Y., July 15.—The story of the murder of John Van Gorder and his half-sister, Anna Farham, at the Van Gorder homestead near Angelica, on the night of May 3 was told on the witness stand by Giuseppe Versacola, one of their slayers. Versacola made a desperate effort to put the brunt of the crime on Antonia Gorgia, who was convicted yesterday, to secure a life sentence. Both were sentenced to death. Versacola said he and Gorgia entered Van Gorder's house and soon after Gorgia drove two knives into the man, one with each hand, and killed him. Then Gorgia ordered him to kill the woman, and, feigning Gorgia, he drove a sheath knife into her body and she fell dead. The motive for the crime was robbery.

A year ago Gorgia and Versacola came from Italy, where both had served terms in prison for criminal offenses.

ENGINEER KILLED.

Enderlin, N. D., July 15.—Great secrecy is maintained here at general headquarters over the wreck to day of the regular Soo line passenger train at Enderlin. Engineer John Thompson, of Minneapolis, was killed by falling from the tender. Fireman W. M. Smithers and Mail Clerk McMullan, of this city, were injured. It is alleged the passenger train was pushing six box cars from Cathay ahead of the train and the whole train was derailed.

HAY LEAVES WASHINGTON.

Washington, July 15.—Secretary Hay left here to day for Lake Sunapee, New Hampshire. He probably will be absent until about the 1st of October unless some emergency arises requiring his presence in Washington.

CLAIMS FIVE STOLE A LION.

New York, July 15.—Robert Fitzsimmons, prize fighter, was held in \$1,000 bail to day on a charge of larceny preferred by an animal trainer, who alleges the pugilist took a lion cub.

GUEST OF ROOSEVELT

Senator Platt Spends Several Hours at Oyster Bay.

Oyster Bay, L. I., July 15.—Senator Platt was the guest of President Roosevelt at luncheon and spent several hours with him. He then went to Manhattan beach. Regarding the conference with the president Platt said they discussed national and New York political affairs, but he would give no particulars.

Chairman Cortelyou of the Republican national committee paid a visit to President Roosevelt this afternoon and returned to New York to night. He said his call was of no special significance. Cortelyou will come to Oyster Bay on the 26th instant to attend the nonpolitical ceremonies which will take place the following day.

HONOR FOR HAY

Grand Cross of Legion of Honor Conferred on Secretary of State.

Paris, July 15.—The most important announcement of the forthcoming list of decorations following the French national holiday will be that of President Loubet conferring the grand cross of the Legion of Honor upon Secretary Hay. An official said it was an evidence of Foreign Minister Delcasse's high regard for Hay's conduct of foreign affairs.

Washington, July 15.—Secretary Hay was notified yesterday of the honor conferred by the French government and announced his acceptance subject to approval of congress.

ARE USEFUL.

Washington, July 15.—O. F. Cook, discoverer of the Guatemalan boll weevil eating ant, has wired the department of agriculture from Texas that the new ants are destroying cotton boll worms and are attacking similar injurious insects with even greater avidity than they do the boll weevil. Another important fact is the ants do not injure at all the hybrid larvae, which are beneficial insects.

RIGHTS OF PANAMA

All Political Parties Agree to Support President Amador.

Panama, July 15.—One of the results of the situation arising out of the decrees issued by Governor Davis establishing a custom house in the canal zone and the order compelling all steamers departing from La Boca to secure clearance papers from the United States authorities is the union of all political parties toward a common end. The last act of the assembly before adjourning to day was to unanimously approve the proposition that all congressmen should go to President Amador and offer their services in aiding the government to defend the rights of the nation. The president was deeply moved by this act, which proved that all political parties are with the government in its attitude. In addressing the congressmen he said he had absolute faith in the United States, whose generous and noble conduct toward the South American republic left no doubt that the canal treaty would be correctly interpreted.

DEATHS.

Waukegan, Wis., July 15.—Elisha L. Bump, one of the most prominent attorneys in northern Wisconsin, died to day of Bright's disease. He was once a candidate for a place on the state supreme bench.

St. Louis, July 15.—Girard Reller, supreme secretary of the Catholic Knights of America, is dead at his home here, aged 63.

To Mend Broken Glass.

If you happen to break a glass or valuable glass ornament, it can be effectively and easily mended in the following way: Melt a little isinglass in spirits of wine, add a small quantity of water, and warm the mixture gently over a moderate fire. When mixed thoroughly, melting it will form a perfectly transparent glue, which will unite the glass so nicely and firmly that the joint will scarcely be noticed by the most critical eye.

Oatmeal Water.

This is sometimes ordered for dyspeptic patients, but is most valuable for the workman on the road or the farmer in the field. It can be drunk with safety on the hottest summer days, when ice water would be extremely dangerous.

Boil and cool three quarts of water, add one cupful of fine oatmeal to it, cover and keep in a warm place (temperature of 80 degrees F.) for one and a half hours. Strain and cool.

FIRE LOSSES.

Chicago, July 15.—The Baltimore & Ohio grain elevator at South Chicago burned early to day. Loss, \$50,000.

SHOOTS WIFE AND DAUGHTER

THEN ENDS HIS OWN EXISTENCE

Deed Committed by Buffalo, N. Y. Man While Temporarily Insane—Left Pitiful Note to His Partner.

Belfast, N. Y., July 15.—Idgaur G. Washburn, a board of trade man, shot and killed his wife and daughter to day and then suicided. It is believed the deed was committed while Washburn was suffering from temporary insanity.

The tragedy was discovered by a relative who called at the Washburn house shortly before noon to day. When the police arrived they found Mrs. Washburn and her daughter lying dead, side by side, in bed, and Washburn dead on the floor at the foot of the bed. Evidently Washburn shot the girl first as she lay in bed. When Mrs. Washburn, aroused by the shot, partly raised herself in bed Washburn fired a second shot, the bullet entering the woman's left temple and causing instant death. Washburn then picked up a mirror and taking aim shot himself in the right temple.

"Washburn's letter to his partner was most pitiful. In it he said he had striven hard to succeed, but something seemed to forever upset his plans. 'I am a blight upon those whom I love,' he wrote, 'and upon those who love me, and it seems best that I should drop out of the lives of all of earth's children and perhaps some time, somewhere in the future, I may be permitted to work myself into a niche in life where I may be able to atone for my errors.'"

BANK CLEARINGS.

New York, July 15.—Total bank clearings compiled by Bradstreet's for the past week were \$2,121,001,893, a decrease of 1.7 per cent compared with the corresponding week last year.

ENDED HER LIFE.

Chicago, July 15.—Clutching a decree of divorce Mrs. Ella Swoboda, fashionably dressed, was found dead on the sidewalk to day. A broken vial which had contained poison was found in her hand.

THE ECLIPSE STAKES.

London, July 15.—Dorley Dale, ridden by Maher, won the Eclipse stakes, 10,000 sovereigns, to day.

BASE BALL SCORES

FISH COMMISSION'S ANNUAL REPORT

Statement That the Carp Is One of the Best Fish in Illinois Waters.

The Illinois Fish commission has made its annual report and has given considerable space to the consideration of the carp, a fish that has been formerly in bad standing, but is now considered one of the best in Illinois waters. Following is the text of the report on the carp:

First now among our fish as a money and food producer, stands the carp. Every year adds to its popularity as such, and the prejudice so long existing is fast disappearing as the facts are brought out regarding this wonderful fish.

The carp, from its marvelous growth and reproductive powers, gives back to our almost depleted streams a substitute for the coarse fish, depended upon so universally for food, i. e., the buffalo.

The catch of carp was considerably reduced during last season, owing to the very high stage of water, but while this has been a great loss to the commercial fishing industry, it has been the means of giving a greater increase in fish than usual.

The rivers at a flood stage all season enabled the fish to spawn and escape into the river without the great loss following the decline in the river, when so many thousands of them perish, being caught in the shallow ponds and retained there until the water evaporates and all life in them perishes.

It is not generally known, and it is in the nature of surprise to us, that so few are aware that the carp are so easily taken on hook and line, and when hooked make a vigorous fight. We have a great many inquiries from all parts of the state asking if carp can be taken with hook, and if so, what bait is used.

Carp not only take the hook, but are the best of all fishes to bite to hook and line. They make a great fight and are second to the black bass alone in that respect. The mouth, closing on line, prevents the usual "drowning" of the fish and they fight until tired out before giving up.

Ordinary shipstuf bolted so as to make a paste of the consistency of putty, is the best bait. Dough (corn meal), well worked in with ordinary cotton batting, so that it will not so quickly dissolve, is also a good bait. Raw potatoes, fried so as to be tough (not crisp) is a good bait. Use ordinary hook and line; attach sinker about a foot above hook, so it will be at bottom of river or lake and bait float up, and will produce results.

At all points along the Mississippi river great quantities are taken with hook and line. On the Illinois river they are constantly fished for. The writer counted one day over 1,000 people with hook and line in a distance of three miles along the river front at Peoria, and nearly all were taking carp. Nearly all so caught are used for food, and with a knowledge how to cook them properly, they constitute a very valuable addition to the table.

Carp should be killed as soon as caught, bled thoroughly, laid in salt water for several hours, par boiled and baked or broiled. We find them on a large majority of hotel tables under some other name than carp. It is found on menu as "blue fish," "bass," "pike," "white fish." They are eaten every day by hotel patrons and enjoyed.

ELKS' CONVENTION, CINCINNATI, OHIO.

DEDICATION OF

MRS. EDDY'S GIFT.

Concord, N. H., July 15.—The newspaper men were to day shown through the beautiful new church edifice, a gift from the Rev. Mary Baker G. Eddy, the discoverer and founder of Christian Science, to the First Church of Christ, Scientist, of Concord, N. H. The cost of the handsome granite building is about \$200,000 and will be dedicated free from debt. The dedicatory services on Sunday will be of a simple nature, in accordance with the desire of Mrs. Eddy.

The architecture of the church is the Italian or southern Gothic, to which the famous Concord granite is admirably adapted. A striking feature of the church exterior is the stone tower and lantern, which rise into the air 165 feet, being visible from all parts of the neighboring country and forming a handsome landmark.

The new church has one of the finest locations in the city, having a prominent position in the public square, around which are grouped the state capitol, the handsome postoffice building, the state library, the high school, the Unitarian and Universalist churches, the city library and the new city building. This notable addition to the handsome public buildings of the capital city of the Granite state is on the corner of State and School streets, with the main approach of the church on State street, and consists of a broad granite platform running the full width of the church, with three Gothic doorways which give entrance to the building.

The church is built from designs by Messrs. Francis R. Allen and Charles Collins, of Boston. It is of Concord granite throughout, and in Gothic architecture. Its proportions and lines are strikingly handsome, and in these architectural symbolism of inspiration which are inherent in ecclesiastical structures, it will be a notable feature in the city's attractions. The seating capacity of the church is 1,000 and its interior finish and decorations are in keeping with the chastity and elegance of its architecture.

CURED OF CHRONIC DIARRHOEA AFTER TEN YEARS OF SUFFERING.

"I wish to say a few words in praise of Chamberlain's Colic, Cholera and Diarrhoea Remedy," says Mrs. Mattie Burge, of Martinsville, Va. "I suffered from chronic diarrhoea for ten years and during that time tried various medicines without obtaining any permanent relief. Last summer one of my children was taken with cholera morbus, and I procured a bottle of this remedy. Only two doses were required to give her entire relief. I then decided to try the medicine myself, and did not use all of one bottle before I was well and I have never since been troubled with that complaint. One cannot say too much in favor of that wonderful medicine." This remedy is for sale by all leading druggists.

TREAT YOUR KIDNEYS FOR RHEUMATISM.

When you are suffering from rheumatism the kidneys must be attended to at once so that they will eliminate the uric acid from the blood. Foley's Kidney Cure is the most effective remedy for this purpose. R. T. Hopkins, of Polar, Wis., says: "After unsuccessfully doctoring three years for rheumatism with the best doctors, I tried Foley's Kidney Cure and it cured me. I cannot speak too highly of this great medicine." Sold by J. A. Obermeyer, City Drug Store.

MUCH SPECULATION OVER COLLECTORSHIP

Senator Cullom Besieged by Friends of Applicants Who Desire the Plum.

Chicago, July 15.—Because of a railroad accident Senator Cullom is having mid-summer troubles that he never bargained for. He says he would like to get rid of them, but the politicians will not let him. Isaac R. Mills, internal revenue collector for the southern district of Illinois, was killed in the Wabash train wreck at Elmhurst on July 3. Since then many candidates for the vacancy have been traveling to the Chicago Beach hotel disturbing the senator's repose and preventing him getting the rest that he hoped to secure after the state and national convention sieges which taxed his energies.

Word came from Springfield yesterday that Representative Homer J. Tice, of Greenview, who managed L. Y. Sherman's campaign for the gubernatorial nomination, had been slated for the appointment. It was said Senator Cullom had picked Mr. Tice in the hope of winning his support and thus weaken if not break up the combination said to be behind Governor Yates' candidacy for the senator's seat.

Later in the day this report was denied by leaders of the Cullom camp, who declared that if any decision had been strongly considered Col. Frank L. Smith, of Dwight, would be found to be the choice. It is known that Colonel Smith and his political running mate, Postmaster Bradford of Pontiac, have had conferences with the senator during the last three days. Colonel Smith was a candidate for nomination as lieutenant governor and his friends say he could have secured the nomination by delivering Livingston county's delegation to Governor Yates.

State Senator Martin B. Bailey, of Danville, William H. Butler, the anti-Yates leader in Sangamon county, Henry Begole of East St. Louis, and other chiefs in southern Illinois are understood to be making a campaign for the collectorship. Senator Cullom may have forwarded the name of some one to Washington, but if not he will do it within a day or two. Several of the applicants declared no selection had been made, but said the senator was anxious to settle the controversy as soon as possible.

EXPORTS OF FRUITS.

Exports of fruit from the United States in the fiscal year 1904 will exceed \$20,000,000, against less than \$3,000,000 in 1894 and less than \$2,000,000 in 1884. The growth in the exportation of fruits from the United States has been very rapid during the last few years. The department of commerce and labor, through its bureau of statistics, has issued a table showing the value of fruits and nuts imported and exported in each year from 1884 to 1904. It shows that the importations were practically \$20,000,000 in value in 1884, and will in 1904 be about \$22,000,000, while the exports, which were \$1,746,418 in 1884, will be about \$20,500,000 in 1904.

Apples, oranges, apricots, prunes and raisins form the principal items in the exports of fruits. The value of the apple exportations in 1904, will amount to about \$5,500,000 out of the \$20,000,000 worth of fruits exported, and of the \$5,500,000 worth of apples exported about \$5,500,000 worth was exported in the natural state and \$3,000,000 worth as dried fruit.

CHRISTIAN CHURCH SUNDAY.

There will be no service for the deaf at the Salem Lutheran church Sunday afternoon, owing to the burial of F. Rieck from said church.

PROPOSALS FOR COAL.

Sealed proposals will be received by the trustees of the Illinois Central Hospital for the insane, up to noon, July 19, 1904, for furnishing all the bituminous coal to be used in said hospital from the first day of August, 1904, to the 30th day of June, 1905, inclusive. Proposals shall be for screened lump, washed slack and mine run. Said coal to be delivered in coal houses of said hospital at such time and in such quantities as may be required by the superintendent of said hospital. The coal to be inspected by said superintendent, weighed on the hospital scales, and such weights to be considered correct in making settlement. The right is reserved to the said superintendent to reject any coal that fails in his judgment to meet the requirements as to quality, and such rejected coal shall not be paid for. Proposals must specify the price per ton (2,000 pounds); must be sealed and endorsed "Proposals for Coal," and directed to the superintendent of the hospital. Each bid must be accompanied by a certified check of \$100 as a guarantee that the contract will be accepted by the bidder if awarded. The successful bidder will be required to furnish a bond with approved securities in the sum of \$2,000 for the faithful performance of the contract. The trustees reserve the right to reject any and all bids, and to re-advertise for bids at their option.

UNION MINERS ARE BARRED

Joseph Leiter Has Issued Ultimatum to Men on Strike at Zeigler.

Duquoin, Ill., July 15.—Joseph Leiter has delivered his ultimatum to the miners now on strike at Zeigler and indications are that the strike will be a long and severe one. The last proposition is from 12 to 17 cents less per ton than is stipulated in the scale of the United Mine Workers of America. The ultimatum follows:

"Miners in entries using chain machines to receive 38 cents per ton; those using punchers the same; pick work, 55 cents per ton; chain machines in rooms, 31½ cents per ton. The scale offered is to be divided between the runner, shooter and loader. For all room necks and cut throughs under twelve feet they are to receive \$1.65 per yard; room widening shall be at 45 cents, or the price per room of \$3.85; powder is to cost \$1.75 per keg, and rates for drill sharpening such as prevail on the Williamson county field." Leiter reserves the right to do any portion of the work by the day, for which he shall pay the current rates of Williamson county.

In addition to the ultimatum, Mr. Leiter determines to allow no union miners, or those in sympathy with them, on his premises, and has instructed the Pinkerton guards to see that this is carried out. It is rumored that negro laborers are to be imported from the south, though none have yet arrived.

CANDIDATE DAVIS THE Foe OF LABOR

State Labor Organ Makes an Attack on Democratic Vice Presidential Nominee.

Indianapolis, July 15.—Labor's war on Henry G. Davis, Democratic nominee for vice president, goes merrily on in Indiana. Edwin Gould, editor of the state labor organ, yesterday made the following statement:

"It has been said that the Democrats always can be depended upon to do the wrong thing at a critical time. In nominating Henry G. Davis they sustained their reputation in this line. I notice that some of the newspaper biographies of Davis say that he was at one time superintendent of a plantation. They do not mention that he was the most cruel slave driver that could be found anywhere. When the war ended he became an exponent of industrial slavery and as such he achieved a notorious reputation.

"Once Davis made a personal investigation of his mines and discharged every union man he could find and every workman who had made application for membership in the union. Furthermore, he ejected the union men and their families from the company's houses. Then he went to the merchants in the town of Elkins and warned them that if they extended credit to the discharged miners their own credit would be cut off at the bank of which he was the president. He is not only a bully of working men, but a bully of employers in the same line of business.

"How in the world any Indiana laboring man can vote for Henry G. Davis is more than I can understand, since he is the cause of the injunction issued by Judge Jackson, under which Mr. Blakely of the Indiana Federation of Labor, a well known and highly respected labor leader, was kept in prison at Parkersburg, W. Va., for twenty-one days."

ONE LADY'S RECOMMENDATION SOLD FIFTY BOXES OF CHAMBERLAIN'S STOMACH AND LIVER TABLETS.

I have, I believe, sold fifty boxes of Chamberlain's Stomach and Liver Tablets on the recommendation of one lady here, who first bought a box of them about a year ago. She never tires of telling her neighbors and friends about the good qualities of these Tablets.—P. M. Shore, Druggist, Rochester, Ind. The pleasant purgative effect of these Tablets makes them a favorite with ladies everywhere. For sale by all leading druggists.

CANNOT STAND PARKER.

Steubenville, Ohio, July 15.—J. H. Timberlake, of Steubenville, who was nominated by the Democrats for congress in the Sixteenth Ohio district, has sent in a letter declining the nomination and states that he will not support Parker, who he thinks, has the backing of the "trusts."

PATENT MEDICINES.

A man that compounds or invents something that is just a little better than the next best thing, is certainly entitled to the best share of the profits to be derived from the sale of the article. So he patents or copyrights to protect his interests. Patented goods are good goods, poor goods are never patented. We have 20 years of trial behind us to give us the assurance that we have the best medicine compounded for the cure of dyspepsia, sick-headache, biliousness, indigestion and all stomach disorders. We protect the public as well as ourselves by keeping the formula a secret, as long as we make it we know it is made right and it cures these diseases. Druggists tell us that it is the one medicine that sale is ever on the increase. To get the best remedy for dyspepsia or indigestion ask the druggists for Dr. Gunn's Improved Liver Pills, price 25c per box, only one for a dose. For sale by Lee P. Alcott.

IT IS FOR LADIES, TOO.

They Can Stop Their Hair Falling Out With Herplide.

Ladies who have thin hair and whose hair is falling out, can prevent the hair falling out, and thicken the growth, with Newbro's "Herplide." Besides, Herplide is one of the most agreeable hair dressing there is. Herplide kills the dandruff germ that eats the hair off at the root. After the germ is destroyed, the root will shoot up, and the hair grow long as ever. Even a sample will convince any lady that Newbro's Herplide is an indispensable toilet requisite. It contains no oil or grease, it will not stain or dye. Sold by leading druggists. Send 10c in stamps for sample to The Herplide Co., Detroit, Mich.

Don't Be Taken In.

All coal may look alike to you, but the burning of it will show that there's a big difference in quality.

"Ideal" coal is the best soft coal the world produces. It is perfectly uniform in quality. Every ounce contains exactly the same reliable heat producing elements as every other ounce. It's free from foreign matter. Practically no clinkers whatever. Nothing but pure, concentrated heat and just a sprinkling of ashes.

To tell the truth, we did not blunder into "Ideal" coal by accident. We inspected and tested hundreds of kinds of coal before we found "Ideal." We wanted the BEST for our customers—and now we have it.

Fill your bin to the brim with "Ideal" coal right now. You'll not regret it. At present prices it's a gilt-edged investment. \$2.75 per ton, cash for July delivery. Order soon to day.

THE WAGES OF SIN.

Double lives—the secret life of shut-in sin, the outward life that appears fair and good—were revealed in two tragedies—those of Miss Minnie Bordoff, of New York, and Mrs. Minnie Garner, of Des Moines—recorded in the criminal news of Wednesday, says the Inter-Ocean.

In each case the scandal of death exposed the scandal of life. Double living had been possible up to a certain point. It was impossible when the demand came to pay the wages of sin.

Here is an old lesson that continues to go unlearned, and yet a lesson that is pointed out with nearly every issue of a daily newspaper, in which crimes such as these are brought to light. It is the lesson that the old way of life, the long, straight way, is the best. It is a way that may seem tedious and far to the end, but the end is not hideous and the way is not the way of dishonor.

It is possible to be a saint for appearance and a sinner for the gratification of what is evil. But this dual moral existence is but a temporary condition. It does not endure. It never will. Beside it, the sin that is open, that is even shameless, is of better repute in the eyes of man.

Yet the immorality of double life accumulates. Is there, in the contemplation of them, no thought of the price that must be paid?

Better open good and open evil than secret evil that seeks to masquerade as good. Better than either, the old straight way. The moral of "The Scarlet Letter" still burns vividly: "Be true! Be true! Be true! Show freely to the world, if not your worst, yet some trait whereby the worst may be inferred!

BRYAN AND SULLIVAN.

Roger Sullivan is one of those pigmies Stone of Missouri was talking about. Put Roger Sullivan up alongside of Bryan and size them up. Bryan would overshadow Sullivan and all like him that it would be like comparing a mountain with a molecule of sand. When you see a man like Sullivan or any of his kind making nasty attacks on Bryan, beware of him. There is no Democracy in him and he wants to engender factional strife. He wants to aid the Republicans in trying to stir up strife in the Democratic party.—Exchange.

Cleaning Paint.

Use only hot water, with a little ammonia added, for cleaning paint. Ordinary kitchen soaps wear off the paint and do not clean it so quickly and thoroughly as ammonia. Use a good sand soap on obstinate places.

Care of Bamboo Furniture.

To clean bamboo furniture rub with a small brush dipped in warm water and salt. The salt prevents the bamboo becoming yellow. Clean wicker chairs and Japanese and Indian matting in the same way.

Rice and Macaroni.

After rice or macaroni is cooked place in a colander and drain off the water, then quickly turn cold water through, and you will find that the stickiness which is so undesirable will be prevented.

To Mix Plaster of Paris.

Mix plaster of paris with vinegar instead of water, and you will find it excellent to stop the cracks in the wall.

DATE SENATORIAL CONVENTION FIXED

REPUBLICAN COMMITTEE MET FRIDAY AFTERNOON

Session held in Springfield—Important Resolutions Passed—County Judges Review Contest.

September 27 was determined upon as the date of the Forty-fifth district senatorial convention, comprising the counties of Sangamon and Morgan. This date was set at the meeting of the senatorial committee held at the Leland hotel in Springfield Friday at 2 o'clock.

Members and proxies present were: H. W. Butler, chairman; A. G. Addelman, S. B. Stewart, of this city, proxy for James H. Danskin; H. C. Garvey, John Juneman, Fred Overstreet, T. R. Owen, proxy for Col. John R. Robertson, of this city, and A. G. Murray, proxy for Andrew Russell, of this city.

Chairman Butler read the call and S. B. Stewart called the roll. The lines were sharply drawn between the members of the committee and the Yates forces had five of the committee to three of what was known as the Hamlin faction at the time the delegates were selected. On all questions the vote stood five to three and the majority members were as follows: S. B. Stewart, John Juneman, Fred Overstreet, T. R. Owen and A. G. Murray.

Resolutions were passed by the committee as follows:

Resolved, That the Republican senatorial convention for this, the Forty-fifth senatorial district of Illinois, be held on the 27th day of September, 1904, in the new arsenal building in Springfield, Ill., at the hour of 12 o'clock noon of said day and the secretary is hereby authorized to prepare the call for said convention and publish the same in the daily Illinois State Journal at Springfield, and in the Jacksonville Journal at Jacksonville, Ill., one time. The secretary of this committee is authorized to sign this call.

Resolved, That the credentials of all delegates from Sangamon and Morgan counties to the Republican senatorial convention of this, the Forty-fifth district, to be held under the call issued by this committee, shall be filed with the secretary of this convention on or before Aug. 25, 1904.

Resolved, That all contests, if any, of delegates for seats in the senatorial convention of this, the Forty-fifth district, to be held under the call issued by this committee, must be filed in writing with the secretary of this committee on or before Aug. 27, 1904, and notice of such contest shall be given by the contestant to the opposing party to the contest, within ten days after the date of filing the contest with the secretary.

Resolved, further, That this committee shall hear and determine all contests so brought before it on or before the day of the convention. Resolved, further, That all contests not filed or notice not given in accordance with these resolutions, which are hereby adopted as the rules of this committee in the matter of all contests coming before it, shall be barred from any hearing and shall not be considered by this committee. Due notice shall be given by the secretary to both parties to the contest who have complied with the above rules, of the time and place where such contest will be heard by the committee.

Resolved, That this committee shall make up the temporary roll of delegates entitled to seats in the senatorial convention to be held under the call of this committee, and after determining contests, if any appear, this committee shall prepare such temporary roll of delegates, and such delegates so placed on the temporary roll shall participate in the temporary organization of the convention.

Juneman introduced the first resolution; Overstreet, the second; Murray, the third, and Juneman, the fourth.

The faction in the committee represented by W. H. Butler, announced after the meeting that they intended to protest against the action of the majority of the committee and would throw the question of the accredited delegates into the hands of the county judges of the two counties, the legally constituted authorities to pass upon such cases. In the event that the county judges can not reach an agreement, then the secretary of state is called in as an arbitrator and the decision is reached by a majority vote.

The resolutions above provide that all contests shall be filed with the committee on or before Aug. 27. Those representing the Yates interests filed their papers with S. B. Stewart immediately after the meeting Friday.

The committee adjourned to meet in this city at the city hall Aug. 29.

Making a Farm.

Two little boys summering in the country inclosed a space on the back lawn about three feet square, and in this they put a house, a barn, a row of stalls for stables, a haystack and last, but not of all, an old fashioned well, with well sweep. This well, which gave the special charm to their little farm and the keenest zest to their play, was very easily made. They dug a hole that would just admit a quart tin can that had the top removed, and this they filled with water. A strong little forked branch was stuck down, and in the crotch of this a long stick was tied for the sweep, and on the end of this dangled the smaller pole holding the little bucket.—Ladies' Home Journal.

The Reason.

Grandma Gray said a curious thing. "Boys may whistle, but girls must sing." That's the very thing I heard her say. To Kate, no longer than yesterday.

"Boys may whistle." Of course they may. If they pucker their lips the proper way. But for the life of me I can't see why Kate can't whistle as well as me.

"Boys may whistle, but girls must sing." Now I call that a curious thing. If boys can whistle, why can't girls too? It's the easiest thing in the world to do.

So, if the boys can whistle and do it well, why cannot girls—will somebody tell? Why can't they do what a boy can do? That is the thing I should like to know.

I went to father and asked him why girls couldn't whistle as well as boys. And he said, "The reason that girls must sing is because a girl's a sing-ular thing."

And grandma laughed till I knew she'd ache. When I said I thought it all a mistake. "Never mind, little man," I heard her say. "They will make you whistle enough some day."

Passing by the City mill yesterday a Journal reporter observed a lot of machinery being unloaded and was much pleased to learn that the increased trade of the mill demanded greater capacity which was about to be placed in position, making the total possible daily output 600 barrels of flour instead of 400 as at present. It is expected that the new machinery will be ready for use by the first of August. A great deal of the trade of the mill is in the south, one house in Mississippi having bought 60,000 barrels of flour. This is very gratifying news and the Journal hopes the good work will go on right along.

Robert Gilmore left for St. Louis last night to spend a few days at the fair. Before returning he expects to visit at Poplar Bluff, Mingo and Puckase, Mo.

ENGLISH SPARROWS.

The crusade against English sparrows which was taken up with considerable vigor some years ago when the legislature of the state enacted a law paying a bounty for the scalps of the noisy little birds, has been abandoned since the statute was repealed, which it ought not to have been. Sparrows are now so numerous all over this and other cities that one gets the impression that there are more of them than ever before. They are quarrelsome, bullying, pestiferous nuisances, with nothing the least agreeable or attractive in their notes, their ways and habits. They ought to be exterminated, not only because they are disagreeable, but also because they fight and drive away many of the most interesting and sweet-voiced of the smaller American songbirds.

EVANGELIST SMITH.

The following notice appeared in Friday's St. Louis Globe-Democrat. Mr. Smith is well known here and is a nephew of Mrs. T. D. Eames, of 622 West State street.

"Rev. James R. Smith, of Chicago, arrived in the city yesterday to assist in this summer's Presbyterian evangelistic work. He is to have charge of the gospel wagon for the next month, and conducted his first service last evening at Second and Victor streets, where he will preach for the rest of this week. Dr. Smith has had much experience in this kind of work in Chicago and elsewhere, and it was under him that Rev. Charles Stelze, who has general control of the Presbyterian services, first engaged in tent work."

"S. J. Fisher, of Winona Lake, is also expected to morrow or Saturday. He is a well known gospel singer and will also have a place on the gospel wagon, as well as at other meetings. His accession gives the denomination a force of three gospel singers besides an evangelist already on the field."

A STATEMENT.

Editor of the Journal: In regard to the article published in yesterday's Journal, I wish to say that I am very sorry that Mr. Fairchild's horses were frightened and more so because he was hurt. But so far as I being to blame I will say I was not for when I met Mr. Fairchild I was running at a very low speed. The horses didn't seem frightened at all and were going along in a trot very close to the curbing. I met H. Sheppard about 200 yards south and he said, "Wolke, there is a runaway." I looked back and saw that the hay frame had collided with a telephone pole. Horses have run away before automobiles were invented, and a horse that will run away at the sight of one will be frightened at any strange object. I want to say to the public that every time I do any damage with the auto that is my fault. I will take the blame and make it good like a gentleman. As I said before, I am exceedingly sorry Mr. Fairchild was hurt. As to the chauffeur riding gaily by I will say I looked back and saw that the street was full of people and decided to go on, as there were plenty to assist. In a few years automobiles will be as common on the streets as bicycles are now. Yours very truly, George Wolke.

MR. DOYING CRITICALLY ILL.

A few days ago Mr. George E. Doying, editor and proprietor of the Courier, had recovered so far as to be able to ride out, but owing to unfortunate circumstances he was seized with congestion of the lungs a short time after, and last night his condition was considered decidedly serious and his recovery seemed quite doubtful. All will join with the Journal in earnestly hoping for a favorable change soon.

C. & A. ENGINEERS HERE.

R. A. Cook and E. O. Greifenhagen, of Bloomington, civil engineers of the Alto, were in the city again the other day. In the morning they were looking over the land along the right of way south of the city. In the afternoon they went north of the city and commenced the relining of the second curve near the stock yards. The gentlemen were very reticent about their plans. They are stopping indefinitely at the Pacific hotel.

J. P. RAMSEY MADE GENERAL MANAGER.

C. P. & St. L. Railroad Vice W. H. Gridley—Former Will Visit Shops in This City to Day.

The officials of the C. P. & St. L. were informed Friday of the appointment of J. P. Ramsey as general manager of the road. J. O. Upp, local agent, was also notified that Mr. Ramsey would arrive in this city this morning in his special car attached to train No. 35 arriving here at 10:55. While here he will spend the day inspecting the shops and equipment. The appointment is a surprise, coming as it does in the nature of a sensation. It is understood former Manager W. H. Gridley resigned on account of ill health. Of the change the Springfield News says:

"The sensation in railroad circles is the unofficial announcement of the retirement of W. H. Gridley as general manager of the Chicago, Peoria & St. Louis Railway company, and the appointment of J. P. Ramsey in his place. Both Mr. Gridley and Mr. Ramsey are well known here. Officials of the C. P. & St. L. at the headquarters in the Franklin Life building declined to affirm or deny the report of the appointment of a new general manager and declared that there was nothing of the sort ready to be given to the press."

Mr. Gridley is still confined at his home in this city with a broken arm received in the recent accident at Oakford, when the C. P. & St. L. passenger train was blown from the track by a tornado. It is not known what his plans are. Mr. Ramsey who succeeds Mr. Gridley is a well known railroad man and a brother of President Joseph P. Ramsey, of the Wash. He was at one time division roadmaster of the C. P. & St. L. and has occupied other important positions, at present being president of a Mexican railroad company.

The meaning of the change is not apparent at the present time.

GOLF NOTES.

Members of the Country club are permitted to bring their friends to the grounds during the four days of the Central Illinois Golf association tournament, from 2 to 6 in the afternoon, without securing invitation cards from the secretary.

It is the request of the house committee that the ladies vacate their locker room entirely during the C. I. G. A. tournament, as the lockers will be needed for visitors. All gentlemen players not on the team are also requested to give up their lockers. Keys may be left with the custodian. The lockers will be needed Monday morning at the latest.

By order of the greens committee, no playing will be allowed on the course during the C. I. G. A. tournament except by the contestants, and they will not be permitted to use the course before 9 a. m.

Many players went over the course Friday afternoon and the scores turned in were above the average. Wilfred Ayers made the nine holes in 43, his best score this season. The record for the lowest score is held by Marcy Osborne, who made the round in even 40.

Golf was the principal theme of conversation at the weekly dance held at the club house Friday night. The attendance was the largest this year and the number of visitors from out of the city exceptionally large.

CHANGE IN TIME.

Sunday, July 24, there is to be a new time card on the J. & St. L. branch of the C. B. & Q. road. The morning south bound train will leave Beardstown about 6 a. m. and Jacksonville an hour later. The afternoon train will leave about 3:15. The north bound trains will leave Jacksonville at 11:05 a. m. and 7:45 p. m., the latter running through to Beardstown. This arrangement will give people from the south nearly an hour more in the city than they have at present. No effort will be made for morning St. Louis trade, but the afternoon trains will manage it all right.

JULY 29.

The Nickel Plate road will run an excursion to Chautauque lake, N.Y., and return at one fare for the round trip (\$14.00 from Chicago, with return limit of Aug. 30th by depositing ticket. No excess fare charged on any train on Nickel Plate Road.

Cheap rates to other eastern points. Three trains daily with vestibule sleeping cars, individual club meals, ranging in price from 35c to \$1.00; also service a la carte, and mid-day luncheon 50c, in Nickel Plate dining cars. Write John Y. Calahan, General Agent, 113 Adams street, room 298, Chicago, for particulars. Chicago ticket offices, 111 Adams street and Auditorium Annex.

THE O. K. STORE IS HOLDING A BIG UNLOADING SALE

The cold, rainy weather has retarded the sale of Summer Dry Goods to such an extent that we find our stock is too large by thousands of dollars.

We are going to sell all the surplus stock, and all the broken assortments of the most desirable merchandise WITHOUT A PENNY OF PROFIT, and in many cases AT EVEN LESS THAN MANUFACTURERS' COST. The goods offered in this sale are not "Job Lots," bought for a "Sale," but are of the best qualities from our regular stock. Get in early as some of the quantities are limited, and THIS SALE LASTS ONLY UNTIL THE PRESENT SURPLUS STOCK IS SOLD.

In wartime the train soldiers act as superintendents to the various transport columns, while the drivers lead and look after one pony each. On mobilization the battalion is broken up into companies, each of which is provided with transport for men and material for the transport of regimental baggage, hospitals, ammunition columns and post offices. The latter are carried on small four wheeled trolleys pulled by one pony each. The ordinary transport cart has two wheels and no sides and is capable of carrying about 250 pounds.

One difficulty that has caused trouble between the English and French governments for 200 years is the question whether the lobster is a fish, says the *New York World*. The treaty of 1763 laid down the law as regards "fishing privileges," but Queen Anne and Louis XIV. forgot to define "fish." The new Anglo-French agreement settles the question by dodging it. France renounces her privileges in Newfoundland without pressing for a definition of a lobster.

"Think heaven this supposition, seems, was erroneous, our captor men desiring to secure the release of prisoners taken from his own people. But he also expects the distribution by the bashaw of Tangle of \$70,000 for losses incurred by the Raisuli faction. If this Mulai Ahmed El Thinkul is the head of a league of three strong kobiles. So soon as I was able to get up—I mean as soon as my lameness enabled me to leave the hut—I found myself treated with kindness.

"On the third day we were given handsome tent, and this also makes great difference in our situation."

MATHEW & LLOYD.

(By Associated Press.)

Chicago, July 15.—Wheat—Trade smaller than for several days. Trade light and active. Selling was unsettled and sentiment more divided, with the close 1/16 lower for July, September unchanged. The start was easier on better weather in Kansas, lower cables and larger American shipments than expected. At the decline the demand improved, the estimate of a local authority that the crop would be a hundred million bushels short of last year's being the principal factor. The rally again met with free offerings, part of which were credited to southwest. Corn—Fair trade, feeling unsettled. Early tone was weaker, but steadier feeling prevailed later. The close lower 1/16 for July, September 1/16. Higher, September 1/16. Earlier start due to better weather and lower cables. Longs held selling, but at decline commission houses were good buyers of September and the market readily responded to same.

Oats—Oats fairly traded in and closed 1/16 higher. A feature was small offerings and buying to cover by shorts at the last. The lot was stimulated by reports of crop damage in central Illinois by hail and rust.

LIVE STOCK.

Cattle—Receipts, 3,000. There was more active demand at steady to stronger prices, while city buyers wanted medium low priced cattle. It is a singular fact that during the week of the recent cattle receipts have shown a big increase as compared with last week. Good to prime, \$5.00 to \$5.25; poor to medium, \$4.50 to \$4.75; stockers, \$3.50 to \$3.75; cows, \$3.00 to \$3.25; calves, \$2.50 to \$2.75. Hogs—Receipts, 8,000. The supply was excessive for a "strike" day. Demand from shippers for good lots was fairly active; city butchers and local packers outside of the trust took local steady. Prices averaged 10c below yesterday's best time. Mixed and butchers, \$5.15 to \$5.50; good to choice heavy, \$5.00 to \$5.25; rough heavy, \$4.75 to \$5.00. Sheep—Receipts, 8,000. There was active demand at yesterday's prices for good, spring lambs were wanted at \$3.75 to \$4.00.

ST. LOUIS MARKET.

LIVE STOCK.

Cattle—Receipts, 2,000. Market steady. Beef steers, \$3.50 to \$3.75; stockers and feeders, \$2.50 to \$2.75; cows and heifers, \$2.00 to \$2.25; Texas steers, \$2.75 to \$3.00. Hogs—Receipts, 100. Market steady. Range, \$4.50 to \$4.75.

LIVERPOOL MARKET.

Liverpool, July 15.—Corn—Spot steady; American mixed new at 4s 5d; old at 4s 6d.

NEW YORK MARKET.

New York, July 15.—Wheat—Receipts, 21,000 bu. Spot barely steady. No. 1 hard, 1.08 1/2c; No. 2, 1.08c. Options closed steady and unchanged except on July, which was 1/16 net higher; July 1.09 1/2c.

FINANCIAL NEWS.

New York, July 15.—The decision to day in the Northern Securities case proved of explosive effect on stocks of the Union and Southern Pacific, and Northern Securities. In spite of the large preliminary speculation going on in those stocks most of the week in anticipation of this decision. The violent effect of the decision is more noteworthy as its general tenor was pretty accurately foretold. In the general market the effect was more moderate with normal expectation, speculation coming to a pause after animated movement to take profits. Southern Pacific and Union Pacific also after spasmodic jump on first announcement of the decision, wavered under the flood of profit-taking offerings. But both stocks resumed aggressive upward movement and gained the general market into some activity again. The effect was to create the general market to hold some of its early gains, but there were no important new points of strength developed after the Securities decision became known. The market during the entire day was of the same kind as for some days past, although the expectation of the Northern Securities decision was an influence even then. Some recent strong stocks were under pressure of profit-taking, but others were under pressure of new issues. The advance in the price of copper did not save Amalgamated Copper from realizing. Union Pacific's rise to 97 1/2 and Southern Pacific's to 82 were not fully held and irregular tone of the market in the final hour continued up to the close, which was as follows:

Money on call easy at 1 1/4 per cent; closing bid, 1 1/4; offered at 1 1/2. Time money, 60 days, 1 1/2 per cent; 90 days, 1 3/4 per cent; 6 months, 2 per cent; 1 year, 2 1/4 per cent.

Prime paper at 3 1/4 per cent.

Exchange weak. Demand at 48 1/2 to 49; 60 days at 48 1/2 to 49; 90 days at 48 1/2 to 49; 6 months at 48 1/2 to 49; 1 year at 48 1/2 to 49.

Washing Ribbons.

A milliner says the reason washed ribbons are so unsatisfactory is that only half the process is followed. She washes it like a pocket handkerchief, ironing on the right side while still wet, then when dry rubs the ribbon between the hands as if washing it until all the stiffness is gone, when she irons it carefully to remove the wrinkles.—Filgrin.

The Morning Cereal.

Cook the cereal or breakfast food the day before in summer time, mold it in small individual molds and serve cold for breakfast with whipped cream. The addition of a little fruit just about five minutes before taking from the fire gives a dainty flavor relished by many. Chopped dates, orange or a few strawberries will serve the purpose.

How to Hang Dresses.

Never hang a daintily trimmed and bunched summer gown inside out. Better save a trifle on the trimming and buy a bag or cover of cheap muslin to protect it if the closets are not dust proof. Do not allow skirts to drag on the floor of the closet.

Little Profit in Cooking Feed.

The utility in cooking feed for animals, and especially for pigs, was given most attention in the days previous to investigations by experiment stations. However, for breeding stock and sick animals and for animals which it is desired to put into the very highest condition cooking may be practiced with good results if expense is disregarded. Pigs so fed show marked thriftiness and health.

Hope For Poultry.

When properly cared for fowls will do as well as if not better in yards than when allowed the freedom of the premises, says a New York farmer in American Agriculturist. The care includes plenty of green food every day. Lawn clippings do very nicely, also clover, lettuce and weeds. I have tried them all and found that Essex rape is as easily raised as any other green food.

The Breeds as Pork Makers.

Results obtained in Maine, Massachusetts and Ontario show the feed eaten per 100 pounds gain by various breeds to be as follows: Poland-China, 407 pounds; Berkshire, 419 pounds; Tamworth, 420 pounds; Chester White, 500 pounds; Duroc Jersey, 522 pounds.

RUSE TO MARKET HIS EGGS.

Lighthouse Keeper Explains Why He Flies Signal of Distress.

"Because of the anxiety of a lighthouse keeper to market his eggs the dignity of the Dominion government of Canada has received a severe jar," said H. J. Kirkpatrick of Vancouver recently to a reporter of the Seattle Post-Intelligencer. "The offending keeper is the one who tends the light on Egg Island—a well named Isle—in the Gulf of Georgia."

"It is a lonely spot, wind swept and dreary, but behind his lighthouse the keeper has a little plot of ground where he raises chickens with no fear of marauding neighbors. Recently the steamer Princess May passed there during a howling gale and reported a distress signal flying. Owing to the weather it was impossible to land to carry succor to the supposed distressed keeper."

"The Dominion government at Ottawa was notified by wire, and it promptly telegraphed back ordering that the fisheries cruiser Keokuk be sent to investigate. She sped forth on her message of mercy at once. Arriving at the island, she found a high surf running. For hours she battled with the waves, waiting for a favoring opportunity to send a small boat ashore. Finally her captain made a landing in his gig. He found the keeper alive, well and seemingly happy."

"Why," asked the captain, "did you hoist your distress signal the other day?"

"It was this way, captain," replied the unabashed keeper. "I had a lot of eggs here, and I couldn't get my boat to stop here to take them to Vancouver to market. Now, you know what happens to eggs when they are kept too long. I just had to get them off, and the distress signal was the only way to get a steamer to stop."

"The Keokuk took the eggs to Vancouver, but I am wondering what sort of a letter that keeper gets from the department of marine and fisheries when the people at Ottawa learn the facts."

RUSSIAN SHOWMAN'S TRICK.

Shooting the Japanese in the Moon at a Village Fair.

The "popo," or village priest, is generally the only source of information as to what is going on in remote Russian villages. He is very much to the fore at present. Father Ignatius Dierkhoff sends to the Kasan newspapers an amusing account of a fair held in his village, says a correspondent of the London News.

"Our mujiks," he says, "are intensely patriotic, but their ideas of serving their country are somewhat strange."

"When I visited the fair the other night I saw a great crowd of our peasants standing about an itinerant rifle saloon proprietor, who was holding a telescope to his eye. They were evidently waiting their turn."

"Our village coffin maker was aiming a gun, which he rested in the fork of a small tree. The gun was pointed toward the sky. Suddenly it went off, and a bell clanged, after which followed loud cries of 'Ura! Got him again!'"

"After several other mujiks had taken en shots I inquired what they were aiming at and was much surprised to hear in chorus the reply, 'The Japanese, father.' Looking along the barrel of the gun I could see nothing but the moon, so I demanded a further explanation."

"Our brother," said a bearded giant, pointing to the showman, "says that the man in the moon is a Makak (Japanese) and that every time we hit him ten Japanese on earth join the devil. We have killed," he added naively, "eighty of them already."

Fad of Society Girls.

Ornamental wristbands with a small purse attached are beginning to appear as part of the adornment and equipment of fad seeking New York girls, says the Pittsburgh Dispatch's correspondent. These purse bracelets are of silver or gold and cost between \$2 and \$20. This method of carrying change has obvious advantages over the stocking pocket, which had a faint vogue for a little while.

This Year's Summer Girl.

Oh, summer girl, sweet summer girl,
Wherever can you be?
I've sought you on the mountain top,
I've sought you by the sea.
Oh, summer girl, sweet summer girl,
Where have you gone, I pray?
Come back again to gladden me
And laugh my cares away.

Oh, summer girl, fair summer girl,
The beach looks bleak and bare,
The surf has lost its charm because
I do not find you there.
Oh, summer girl, dear summer girl,
The woodland paths are mean,
No joy is in the mountain air,
Since you have quit the scene.

Oh, summer girl, oh, dainty girl,
Arrayed in gauze and lace,
We sigh to hear you laughing laugh,
To see your pretty face.
Oh, charming girl, oh, splendid girl,
Bring back the joy we had,
The world's a sombre, dreary place;
Pray come and make it glad.

Oh, dainty girl, delightful girl,
The sea and shore for you,
Where is she, ask the pines of all
The soft winds passing through?
Oh, summer girl, oh, lovely girl,
Why do you grieve them thus?
Come back, come back, to charm anew
And blithely gladden us.

Oh, summer girl, sweet summer girl,
Oh, whether have you gone?
Without you here to spread your charm
Where you were, we're none.
Nay, say not so. And was that she
Who zipped about the scene
With leather things and goggles on
And scents of gasoline.

Oh, summer girl, gay summer girl,
The clouds of dust roll high
That show astonished man and beast
Where you were, we're none.
And 'neath your flapping leather coat
Delightful thrills may be,
But through the pines the breezes sigh,
There's sadness by the sea.

City and County

C. W. Brown was in Meredosia on business Friday.

Mr. and Mrs. A. M. Masters, Mr. and Mrs. Neil S. Duckels and Mrs. L. L. Masters enjoyed a pleasant day Friday at the Meredosia locks, fishing.

CLEAR LAKE CLUB HOUSE.

A movement is under way which will probably make the vicinity of Clear Lake, a few miles northeast of Beardstown, one of the most beautiful and attractive sportsmen's resorts in the state. The plans are being worked out by the Sangamonis Gun club of Chicago, which has acquired from John Coleman property upon which to lay their grounds.

The club is represented in Beardstown by M. Landon and Henry Taylor, both of Chicago, who have let the contract for erecting a \$3,000 club house to a Beardstown firm. This building will be used exclusively for members of the club and will be an elegant structure, measuring 36x36 feet. Its erection will be begun at once and the grounds will be beautified in various ways.

Ladies' \$3 Oxfords \$2.25, at Hoffman's.

The MEREDOSIA LEVEE.

John Lonergan returned Friday from Meredosia, where he has been making arrangements for building the new levee five miles north of Meredosia. An immense traction engine was unloaded at the Meredosia wharf Friday, which will be used in running the excavating machine. Mr. Lonergan has established a fine camp near where he expects to begin operations and twenty teams are already on the ground. The work will be pushed to completion in a rapid manner and Mr. Lonergan is making every possible arrangement to expedite matters.

BIRTHDAY

CELEBRATION

Thomas Denby Honored by Gathering of Relatives and Friends—Music, Games and Shooting Contest.

Friday was the eight-first anniversary of the birth of Thomas Denby and the event was appropriately observed by the children of Mr. and Mrs. Denby at the family homestead west of this city.

Although the day opened with threatening clouds, they had begun to scatter when the family began to gather at the home of their parents. There were three daughters and their husbands, as follows: Mr. and Mrs. G. B. Ranson, Mr. and Mrs. T. O. Graves, Mr. and Mrs. J. W. Leach; also grandchildren, great grand children and Mrs. N. A. Henderson, a sister of Mrs. Denby, and guests making the total number fifty.

A fine dinner and supper, such as Mrs. Denby is so capable of preparing, was served and was fully appreciated by the participants.

The day was spent in various amusements, including music, croquet matches and trap shooting. At a late hour the guests dispersed to their homes, wishing their venerable relative many happy returns of the day, and a continuance of the health and vigor which still characterize him and his estimable wife.

The shooting scores were as follows:

| | Shot | At. | Broke. |
|--------------|------|-----|--------|
| Alex Ranson | 45 | 40 | |
| Fred Ranson | 45 | 40 | |
| Denby Killam | 45 | 35 | |

MAY CONSOLIDATE

The Quincy Journal of Friday says: "The next annual meeting of the Illinois conference of the Methodist Episcopal church, which takes place Sept. 7 at Springfield, promises to have something highly interesting and of great importance in store for the churches in the Quincy and West Jacksonville districts.

No less a change is contemplated than the merging of these two districts into one, under the name of the Quincy district. This is not a certainty, but the matter is receiving serious consideration, and the probability of its being done is not by any means small.

Should this be accomplished it is probable that all of the Methodist churches in this district west of the Illinois river will be placed under the presiding eldership of the Quincy district presiding elder, and will be in that district. Rev. Mr. Bendles is at present, and has been for the past six years, the presiding elder of the Quincy district. His term expires this year. Rev. Robert Stevens, probably the most successful presiding elder in the conference, who was made presiding elder of the West Jacksonville district at the last conference, will probably be given the presiding eldership of the united West Jacksonville and Quincy districts, if this union takes place. If he is, and if he completes his term, he will have officiated as presiding elder for seventeen consecutive years, an unparalleled record in this conference, and one that will take considerable beating.

At present there are twenty-eight charges in the West Jacksonville district and twenty-five in the Quincy district. Should these two districts be joined at the next conference, the newly organized district will probably comprise about fifty charges, which will be all in the conference west of the Illinois river. The others will, no doubt, be given into the Jacksonville district.

CALLS HIMSELF
"FIFTH ANGEL"

Traveling Evangelist Attracts Crowd on Square Friday Evening—Teaches Queer Doctrine

A traveling preacher, accompanied by his wife and son, arrived in the city yesterday from Louisiana, Mo., and attracted a great deal of attention on the square in the afternoon and evening. Their outfit consists of a covered spring wagon, drawn by one horse, the furnishings being simple in the extreme.

When questioned last evening concerning himself, the man said his name was James Sharpe. He was born in Camden county, Missouri, and during the boom days settled in Oklahoma. For many years he led the life of a drunkard and traveling gambler, having been in this city and Springfield about nine years ago, following his calling as a professional gambler.

He followed his evil ways until in February of 1903, when the Spirit came to him while he was at work in a "sink hole." The Spirit came upon him suddenly so that he began to speak—to speak continuously and without ceasing. He went to his house, where his wife had been trying unsuccessfully to find deliverance from sin for two weeks, and in half an hour's preaching the Spirit delivered her and she has since that time been endowed with powers similar to those possessed by her husband.

He was commissioned the "fifth angel," the wisest in God, by the Supreme Being in a message engraved upon a shooting star, which fell upon his farm. The message also contained many other interesting things. Since that time he has received many messages from above. Among other strange things, he has been told that the "sixth angel" will come "during America" and will testify of him. He will be greater than Christ and will perform miracles which will bring people from thousands of miles around. The coming of the seventh angel will precede the destruction of the world, which will be brought about when the angel pours out his phial upon the earth.

The preacher quoted freely from the scriptures, interpreting them in various ways. Some of his deductions are as follows:

"The Bible says that all earthly knowledge is foolishness, hence people send their children to school to become fools. Earthly learning merely begets the vision of the soul.

"Many false prophets shall rise up, and they shall have many followers." From this he argued that he could not be called a false prophet, as he has been able to secure very few followers.

All the holy people of this community could be put in his little wagon and pulled up a steep hill, they are so few. The number of people who will be saved is almost none.

Upon receiving the light, the "fifth angel" sold all his property and gave the proceeds to the poor wherever he met them. His neighbors declared him to be crazy. He started from home with his wife and child and some possessions which have been one by one taken from him, till he has left now only his wife and son, one horse and the wagon. The wife and child also preach, in the same strain as the "angel."

The small company is roughly attired in rude clothing, the boy barefooted and the man with overalls and jacket. All wear straw sun hats. They speak in the brogue of plainmen, in a rather halting manner, but with great earnestness.

The strange company never take up a collection. They depend for their living upon voluntary contributions from their hearers. Judging from their receipts yesterday they should never be in need of the necessities of life, and as the head of the party remarked, "Our wants are so simple that this quarter of a dollar will last us probably for half a week." They expect to be in this city for several days.

M. P. L. ENTERTAINMENT.

Council No. 19, M. P. L., held a grand ball in Odeon hall last evening, which was well attended and was a success in every particular. Eckels' orchestra furnished the music and all enjoyed the pleasures of the dance to the utmost. Refreshments were served.

The committee in charge included Mrs. J. F. Kellogg, Mr. and Mrs. A. J. Ferguson, Mrs. Mary Lister, Miss Julia Murray, John Godfrey and Miss Janette Glines.

The Matter of Dusting.

Soft cloths make the best dusters. In dusting any piece of furniture begin at the top and dust down, wiping carefully with the cloth, which can be frequently shaken. Many people have no idea of what dusting is to accomplish, and instead of wiping off and removing the dust it is simply fluffed off into the air and soon settles back again on the dusted articles. If carefully taken up on a cloth, it can be shaken out of a window into the open air. It is much less work to cover up furniture while sweeping than to be obliged to clean the dust out afterward.

DEATH RECORD

REICK.

Frederick Reick died at his home, 810 East College street, at 4:45 a. m. Friday. The deceased was born in Germany in 1827, removing to the United States in 1856 and to Jacksonville in 1867, since which time this has been his home. For some months he has suffered with dropsy which was finally the cause of his death. He was a good citizen, peaceable and quiet, good in his family and a man of excellent character. He leaves a wife, two daughters, Mrs. Charles Kremzow, of New Berlin, and Mrs. Thomas Thompson, of Nebraska; one son, J. W. Reick, of this city, and two brothers, Joseph, of Pleasant Plains, and Charles Reick, of Jacksonville.

The funeral will be conducted Sunday afternoon at 2:30 at the Lutheran church by the pastor, Rev. Mr. Hallerberg, who will speak in both English and German.

DUNCAN.

Mrs. A. G. Duncan died at her home in Franklin Friday night at 10 o'clock, aged 81 years, after an illness of about five weeks.

She is survived by two sons, R. Y. and C. B. Duncan, and three daughters, Mrs. Eric Reed, Mrs. Lily Clayton and Mrs. Mary Seymour. Her husband has already preceded her to the great beyond.

Funeral services will be held in Franklin Sunday afternoon at 2 o'clock.

FUNERALS

JOHNSON.

Funeral services over the remains of Henry Johnson were held at Antioch church Friday morning at 11 o'clock in the presence of many sorrowing relatives and friends. The solemn service was in charge of Rev. Mr. French, assisted by Rev. Mr. Curry. The Antioch choir sang appropriate hymns.

The remains were laid to rest in the cemetery near by.

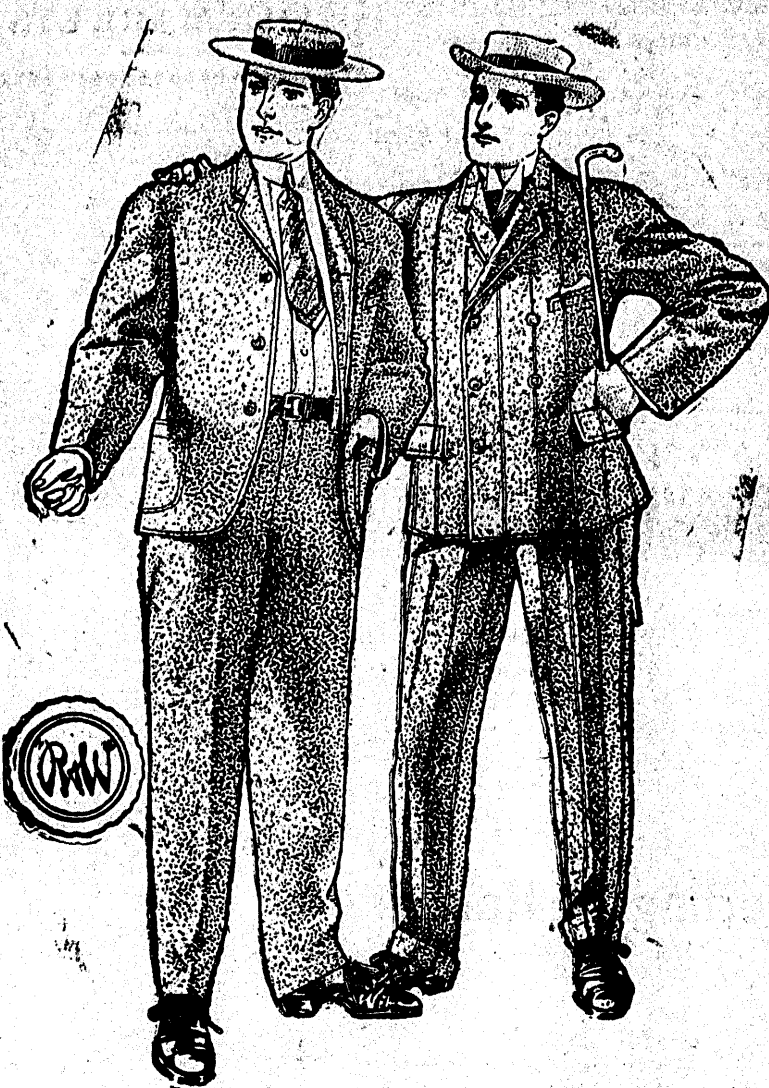

FUNERAL NOTICE.

The funeral of Miss Mae R. Ehrgott will be held at the residence, 762 South West street, Sunday afternoon at 2:30 o'clock.
